Projects

WinnRE
Role: Lead iOS Developer
Language: Swift (UIKit)
WinnRE is a product app curated for Brigade Channel Partners, designed to enhance the home-selling experience. It enables users to share and personalize project collaterals, manage invoices on mobile devices, and stay updated on leads—all from the comfort of their homes.

ConnectRE
Role: Lead iOS Developer
Language: Swift (UIKit)
WinnRE is a product app curated for Brigade Channel Partners, designed to enhance the home-selling experience. It enables users to share and personalize project collaterals, manage invoices on mobile devices, and stay updated on leads—all from the comfort of their homes.

Wundar
Role: Lead iOS Developer
Language: Swift (UIKit)
Wundar is a mentoring platform that empowers communities by connecting members through private networks. It fosters mentor-mentee relationships, supports collaboration, and provides tools for community engagement and insights.

Resupix
Role: iOS Developer
Language: Swift (UIKit)
Resupix is a video-based resume app that lets you present your experience and skills with images and videos. Your unique URL remains live on your phone, offering a dynamic way to stand out professionally.

My Push-Up Counter
Role: iOS Developer
Language: Swift (UIKit)
My Push-Up Counter is a fitness app designed to help users track and count push-ups effortlessly using their device's proximity sensor. It records session data, provides weekly charts, history, and push-up summaries, and includes features like voice counting and daily reminders to keep users motivated.
